INFORMATION ABOUT THE NORTH CAROLINA REGISTER AND ADMINISTRATIVE CODE

NORTH CAROLINA REGISTER

The *North Carolina Register* is published monthly and contains information relating to agency, executive, legislative and judicial actions required by or affecting Chapter 150B of the General Statutes. All proposed administrative rules and amendments filed under Chapter 150B must be published in the Register. The Register will typically comprise approximately one hundred pages per issue of legal text.

State law requires that a copy of each issue be provided free of charge to each county in the state and to various state officials and institutions. The *North Carolina Register* is available by yearly subscription at a cost of ninety-five dollars (\$95.00) for 12 issues.

Requests for subscription to the *North Carolina Register* should be directed to the Office of Administrative Hearings, P. O. Drawer 11666, Raleigh, N. C. 27604, Attn: Subscriptions.

ADOPTION, AMENDMENT, AND REPEAL OF RULES

An agency intending to adopt, amend, or repeal a rule must first publish notice of the proposed action in the *North Carolina Register*. The notice must include a reference to the Statutory Authority for the action; the time and place of the public hearing and a statement of how public comments may be submitted to the agency either at the hearing or otherwise; the text of the proposed rule or amendment; and the proposed effective date.

The Director of the Office of Administrative Hearings has authority to publish a summary, rather than the full text, of any **amendment** which is considered to be too lengthy. In such case, the full text of the rule containing the proposed amendment will be available for public inspection at the Rules Division of the Office of Administrative Hearings and at the office of the promulgating agency.

Following publication of the proposal in the *North Carolina Register*, at least 60 days must elapse before the agency may take action on the proposed adoption, amendment or repeal.

When final action is taken, the promulgating agency must file any adopted or amended rule with the Office of Administrative Hearings. If it differs substantially from the proposed form published as part of the public notice, the adopted version will again be published in the *North Carolina Register*.

A rule, or amended rule, cannot become effective earlier than the first day of the second calendar month after the adoption is filed.

Proposed action on rules may be withdrawn by the promulgating agency at any time before final action is taken by the agency.

TEMPORARY RULES

Under certain conditions of an emergency nature, some agencies may issue temporary rules. A temporary rule becomes effective when adopted and remains in effect for the period specified in the rule or 120 days, whichever is less. An agency adopting a temporary rule must begin normal rule-making procedures on the permanent rule at the same time the temporary rule is adopted.

NORTH CAROLINA ADMINISTRATIVE CODE

The North Carolina Administrative Code (NCAC) is a compilation and index of the administrative rules of 25 state agencies and 38 occupational licensing boards. The NCAC comprises approximately 15,000 letter size, single spaced pages of material of which approximately 35% is changed annually. Compilation and publication of the NCAC is mandated by G.S. 150B-63(b).

The Code is divided into Titles and Chapters. Each state agency is assigned a separate title which is further broken down by chapters. Title 21 is designated for occupational licensing boards.

The NCAC is available in two formats.

- (1) In looseleaf pages at a minimum cost of two dollars and 50 cents (\$2.50) for 10 pages or less, plus fifteen cents (\$0.15) per each additional page.
- (2) On microfiche. The microfiche edition is revised semi-annually (March and October) and can be purchased for forty dollars (\$40.00) per edition. Due to the volume of the Code, the complete copy can only be purchased on microfiche. The NCAC on microfiche is updated monthly by publication of a "List of Rules Affected" which sets out rules filed the previous month, the action taken, and the effective date of the change. This list is published in the *North Carolina Register*.

Requests for looseleaf pages of rules or the NCAC on microfiche should be directed to the Office of Administrative Hearings.

NOTE

The foregoing is a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Articles 2 and 5 of Chapter 150B of the General Statutes be examined carefully.

Michael Crowell, Esq.

P. O. Box 1151
Raleigh, NC 27602

Dear Mr. Crowell:

This refers to the five-seat special election for the Onslow County Board of Education, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973c. We received your initial submission on October 14, 1986; supplemental information was received on October 20, November 25 and December 8, 1986. In accordance with your request, expedited consideration has been given this submission pursuant to the Procedures for the Administration of Section 5 (28 C.F.R. 51.32).

At the outset, we believe that it may be useful to comment briefly on the effect of the objection interposed on May 12, 1986, to the use of residency districts in the at-large election system established by Chapter 525 (1977). As we stated in the objection letter, "the effect of the objection by the Attorney General is to make the method of election for the county [school] board described in Chapter 525 (1977) legally unenforceable." See e.g., Connor v. Waller, 421 U.S. 656 (1975); on Pitts v. Busbee, 511 F.2d 126 (5th Cir. 1975); Terrazas v. Clements, 537 F. Supp. 514, 520 (N.D. Tex. 1982). But for the illegal implementation of that system, there would have been four board members elected at large and as a group without regard to residence in 1980 and 1984 and three board members elected in the same manner in 1978, 1982 and 1986. Thus, in our view the objection affected the elections held for all board members pursuant to the Chapter 525 system.

We note further that the five-seat special election proposal contained in the instant submission, as well as the seven-seat special election plan, which was precleared on September 15, 1986, are responses to our earlier objection. As with the seven-seat plan, the Attorney General does not interpose any objection to the changes occasioned by the five-seat plan. However, we feel a responsibility to point out that Section 5 of the Voting Rights Act expressly provides that the failure of the Attorney General to object does not bar any subsequent judicial action to enjoin the enforcement of such change. In addition, as authorized by Section 5, the Attorney General reserves the right to reexamine this submission if additional information that would otherwise require an objection comes to his attention during the remainder of the sixty-day review period. See the Procedures for the Administration of Section 5 (28 C.F.R. 51.42 and 51.48).

Sincerely,

Wm. Bradford Reynolds
Assistant Attorney General
Civil Rights Division

Leases where the annual rental does not exceed three five thousand dollars ~~(\$3,000)~~ (\$5,000) or the term does not exceed three years may be negotiated and signed as provided for in the by Council of State resolutions, dated August 9, 1972, January 8, 1974, and July 1, 1975, February 1, 1977 and August 2, 1977. A copy of the executed lease must be forwarded to the Division of State Property. Departments not empowered to act by these resolutions must follow the procedures outlined in Regulations .0205 and .0207 of this Section for all leases involving annual rental not in excess of seven twelve thousand five hundred dollars ~~(\$7,500)~~ (\$12,000).

.0207 LEASE NOT EXCEEDING \$12,000/TERM THREE YEARS

For space needs where the annual rental exceeds seven twelve thousand five hundred dollars ~~(\$7,500)~~ (\$12,000) or the term exceeds three years, Form PO-26 provides the basic steps to follow in the leasing procedures required by G.S. 146-25.1. Additional guidance is provided below:

Such easements will not be granted for structures or facilities that can be located over land. Examples of structures not allowed are: utility buildings, dwellings, hotels, restaurants, businesses, apartments, etc. Easements in lands covered by navigable waters are generally required for any structure built over navigable waters for purposes other than gaining riparian access. Examples of such exempt structures include boat ramps, duck blinds, small groins, and the like.

(c) Easements are not required for commercial fishing nets, fish offals, ramps, boathouses, piers, duck blinds, or other structures which are deemed, due to their nature and scope, not to warrant such easements by the Department of Administration. Easements in lands covered by navigable waters will be granted upon application to the Department of Administration for such purposes and upon such conditions as the Department of Administration may deem proper and in the public interest, with approval of the Governor and the Council of State.

.0607 APPLICATION AND COST

(a)(1) A trust agreement for a trust fund, as specified in Sections 264.143(a) or 264.145(a) or Sections 265.143(a) or 265.145(a) of this chapter, must be worded as follows,

except that instructions in brackets are to be replaced with the relevant information and the brackets deleted:

Trust Agreement

Trust Agreement, the "Agreement," entered into as of [date] by and between [name of the owner or operator], a [name of State] [insert "corporation," "partnership," "association," or "proprietorship"], the "Grantor," and [name of corporate trustee], [insert "incorporated in the State of" or "a national band"], the "Trustee."

Whereas, the North Carolina Department of Human Resources, "DHR", an agency of the State of North Carolina, has established certain regulations applicable to the Grantor, requiring that an owner or operator of a hazardous waste management facility shall provide assurance that funds will be available when needed for closure and/or post-closure care of the facility,

Whereas, the Grantor has elected to establish a trust to provide all or part of such financial assurance for the facilities identified herein,

Whereas, the Grantor, acting through its duly authorized officers, has selected the Trustee to be the trustee under this agreement, and the Trustee is willing to act as trustee.

Now, Therefore, the Grantor and the Trustee agree as follows:

Section 1. Definitions.
As used in this Agreement:

(a) The term "Grantor" means the owner or operator who enters into this Agreement and any successors or assigns of the Grantor.

(b) The term "Trustee" means the Trustee who enters into this Agreement and any successor Trustee.

Section 2. Identification of Facilities and Cost Estimates.
This Agreement pertains to the facilities and cost estimates identified on attached Schedule A [on Schedule A, for each facility list the EPA Identification Number, name, address, and the current closure and/or post-closure cost estimates, or portions thereof, for which financial assurance is demonstrated by this Agreement].

Section 3. Establishment of Fund.
The Grantor and the Trustee hereby establish a trust fund, the "Fund," for the

benefit of DHR. The Grantor and the Trustee intend that no third party have access to the Fund except as herein provided. The Fund is established initially as consisting of the property, which is acceptable to the Trustee, described in Schedule B attached hereto. Such property and any other property subsequently transferred to the Trustee is referred to as the Fund, together with all earnings and profits thereon, less any payments or distributions made by the Trustee pursuant to this Agreement. The Fund shall be held by the Trustee, IN TRUST, as hereinafter provided. The Trustee shall not be responsible nor shall it undertake any responsibility for the amount of adequacy of, nor any duty to collect from the Grantor, any payments necessary to discharge any liabilities of the Grantor established by DHR.

Section 4. Payment for Closure and Post-Closure Care. The Trustee shall make payments from the Fund as DHR shall direct, in writing, to provide for the payment of the costs of closure and/or post-closure care of the facilities covered by this Agreement. The Trustee shall reimburse the Grantor or other persons as specified by DHR from the Fund for closure and post-closure expenditures in such amounts as DHR shall direct in writing. In addition, the Trustee shall refund to the Grantor such amounts as DHR specifies in writing. Upon refund, such funds shall no longer constitute part of the Fund as defined herein.

Section 5. Payments Comprising the Fund. Payments made to the Trustee for the Fund shall consist of cash or securities acceptable to the Trustee.

Section 6. Trustee Management. The Trustee shall invest and reinvest the principal and income of the Fund and keep the Fund invested as a single fund, without distinction between principal and income, in accordance with general investment policies and guidelines which the Grantor may communicate in writing to the Trustee from time to time, subject, however, to the provisions of this Section. In investing, reinvesting, exchanging, selling, and managing the Fund, the Trustee shall discharge his duties with respect to the trust fund solely in the interest of the

beneficiary and with the care, skill, prudence, and diligence under the circumstances then prevailing which persons of prudence, acting in a like capacity and familiar with such matters, would use in the conduct of an enterprise of a like character and with like aims; except that:

(i) Securities or other obligations of the Grantor, or any other owner or operator of the facilities, or any of their affiliates as defined in the Investment Company Act of 1940, as amended, 15 U.S.C. 80a-2(a), shall not be acquired or held, unless they are securities or other obligations of the Federal or a State government;

(ii) The Trustee is authorized to invest the Fund in time or demand deposits of the Trustee, to the extent insured by an agency of the Federal or State government; and

(iii) The Trustee is authorized to hold cash awaiting investment or distribution uninvested for a reasonable time and without liability for the payment of interest thereon.

Section 7. Commingling and Investment. The Trustee is expressly authorized in its discretion:

(a) To transfer from time to time any or all of the assets of the Fund to any common, commingled, or collective trust fund created by the Trustee in which the Fund is eligible to participate, subject to all of the provisions thereof, to be commingled with the assets of other trusts participating therein; and

(b) To purchase shares in any investment company registered under the Investment Company Act of 1940, 15 U.S.C. 80a-1 et seq., including one which may be created, managed, underwritten, or to which investment advice is rendered or the shares of which are sold by the Trustee. The Trustee may vote such shares in its discretion.

Section 8. Express Powers of Trustee. Without in any way limiting the powers and discretions conferred upon the Trustee by the other provisions of this Agreement or by law, the Trustee is expressly authorized and empowered:

(a) To sell, exchange, convey, transfer, or otherwise dispose of any property held by it, by public or private sale. No person dealing with the Trustee shall be bound to see to

the application of the purchase money or to inquire into the validity or expediency of any such sale or other disposition;

(b) To make, execute, acknowledge, and deliver any and all documents of transfer and conveyance and any and all other instruments that may be necessary or appropriate to carry out the powers herein granted;

(c) To register any securities held in the Fund in its own name or in the name of a nominee and to hold any security in bearer form or in book entry, or to combine certificates representing such securities with certificates of the same issue held by the Trustee in other fiduciary capacities, or to deposit or arrange for the deposit of such securities in a qualified central depository even though, when so deposited, such securities may be merged and held in bulk in the name of the nominee of such depository with other securities deposited therein by another person, or to deposit or arrange for the deposit of any securities issued by the United States Government, or any agency or instrumentality thereof, with a Federal Reserve bank, but the books and records of the Trustee shall at all times show that all such securities are part of the Fund;

(d) To deposit any cash in the Fund in interest-bearing accounts maintained or savings certificates issued by the Trustee, in its separate corporate capacity, or in any other banking institution affiliated with the Trustee, to the extent insured by an agency of the Federal or State government; and

(e) To compromise or otherwise adjust all claims in favor of or against the Fund.

Section 9. Taxes and Expenses. All taxes of any kind that may be assessed or levied against or in respect of the Fund and all brokerage commissions incurred by the Fund shall be paid from the Fund. All other expenses incurred by the Trustee in connection with the administration of this Trust, including fees for legal services rendered to the Trustee, the compensation of the Trustee to the extent not paid directly by the Grantor, and all other proper charges and disbursements of the Trustee shall be paid from the Fund.

Section 10. Annual

Valuation. The Trustee shall annually, at least 30 days prior to the anniversary date of establishment of the Fund, furnish to the Grantor and to DHR a statement confirming the value of the Trust. Any securities in the Fund shall be valued at market value as of no more than 60 days prior to the anniversary date of establishment of the Fund. The failure of the Grantor to object in writing to the Trustee within 90 days after the statement has been furnished the Grantor and DHR shall constitute a conclusively binding assent by the Grantor, barring the Grantor from asserting any claim or liability against the Trustee with respect to matters disclosed in the statement.

Section 11. Advice of Counsel. The Trustee may from time to time consult with counsel, who may be counsel to the Grantor, with respect to any question arising as to the construction of this Agreement or any action to be taken hereunder. The Trustee shall be fully protected, to the extent permitted by law, in acting upon the advice of counsel.

Section 12. Trustee Compensation. The Trustee shall be entitled to reasonable compensation for its services as agreed upon in writing from time to time with the Grantor.

Section 13. Successor Trustee. The Trustee may resign or the Grantor may replace the Trustee, but such resignation or replacement shall not be effective until the Grantor has appointed a successor trustee and this successor accepts the appointment. The successor trustee shall have the same powers and duties as those conferred upon the Trustee hereunder. Upon the successor trustee's acceptance of the appointment, the Trustee shall assign transfer, and pay over to the successor trustee the funds and properties then constituting the Fund. If for any reason the Grantor cannot or does not act in the event of the resignation of the Trustee, the Trustee may apply to a court of competent jurisdiction for the appointment of a successor trustee or for instructions. The successor trustee shall specify the date on which it assumes administration of the trust in a writing sent to the Grantor, DHR, and the present Trustee by certified mail 10 days before such change becomes effective.

Any expenses incurred by the Trustee as a result of any of the acts contemplated by this Section shall be paid as provided in Section 9.

Section 14. Instructions to the Trustee. All orders, requests, and instructions by the Grantor to the Trustee shall be in writing, signed by such persons as are designated in the attached Exhibit A or such other designees as the Grantor may designate by amendment to Exhibit A. The Trustee shall be fully protected in acting without inquiry in accordance with the Grantor's orders, requests, and instructions. All orders, requests, and instructions by the DHR to the Trustee shall be in writing, signed by the Secretary of DHR or his designee, and the Trustee shall act and shall be fully protected in acting in accordance with such orders, requests, and instructions. The Trustee shall have the right to assume, in the absence of written notice to the contrary, that no event constituting a change or a termination of the authority of any person to act on behalf of the Grantor or DHR hereunder has occurred. The Trustee shall have no duty to act in the absence of such orders, requests, and instructions from the Grantor and/or DHR, except as provided for herein.

Section 15. Notice of Payment. The Trustee shall notify DHR of payment to the trust fund by certified mail within 10 days following said payment to the trust fund. The notice shall contain the name of the Grantor, the date of payment, the amount of payment, and the current value of the trust fund.

Section 16. Amendment of Agreement. This Agreement may be amended by an instrument in writing executed by the Grantor, the Trustee, and DHR, if the Grantor ceases to exist.

Section 17. Irrevocability and Termination. Subject to the right of the parties to amend this Agreement as provided in Section 16, this Trust shall be irrevocable and shall continue until terminated at the written agreement of the Grantor, the Trustee, and DHR, or by the Trustee and DHR, if the Grantor ceases to exist. Upon termination of the Trust, all remaining trust property, less final trust administration

expenses, shall be delivered to the Grantor.

Section 18. Immunity and Indemnification. The Trustee shall not incur personal liability of any nature in connection with any act of omission, made in good faith, in the administration of this Trust, or in carrying out any directions by the Grantor or DHR issued in accordance with this Agreement. The Trustee shall be indemnified and saved harmless by the Grantor or from the Trust Fund, or both, from and against any personal liability to which the Trustee may be subjected by reason of any act or conduct in its official capacity, including all expenses reasonably incurred in its defense in the event the Grantor fails to provide such defense.

Section 19. Choice of Law. This Agreement shall be administered, construed, and enforced according to the laws of the State of North Carolina.

Section 20. Interpretation. As used in this Agreement, words in the singular include the plural and words in the plural include the singular. The descriptive heading for each Section of this Agreement shall not affect the interpretation or the legal efficacy of this Agreement.

In Witness Whereof the parties have caused this Agreement to be executed by their respective officers duly authorized and their corporate seals to be hereunto affixed and attested as of the date first above written: The parties below certify that the wording of this Agreement is identical to the wording specified in Section 264.151(a)(1) of 10 NCAC 10F.0032(i) as such regulations were constituted on the date first above written.

amount in excess of 15 percent.

- (2) For other contracted programs not receiving at least 40 percent of their funding through the division, state categorical fund expenditures shall be based upon net cost determined by reducing total project cost by program-generated income and/or special grants from non-divisional sources and block grant funds that are received by the contractor as reimbursement of the same expenditures as those for which categorical funds are appropriated. CHAPTER 1 - N.C. HOUSING FINANCE AGENCY

SUBCHAPTER 1D - SINGLE FAMILY MORTGAGE PURCHASE PROGRAM

SECTION .0100 GENERAL INFORMATION

.0102 ELIGIBLE PERSONS AND FAMILIES

(a) For loans purchased with the proceeds of all bonds other than tax exempt bonds issued after January 1, 1987:

(a) (1) The agency hereby finds and declares that income eligible persons and

families of lower income, within the meaning of the act, are deemed to be those persons and families who satisfy the following criteria: insufficient total income, when size of family is considered, to obtain on the normal housing market without subsidy, from available housing supply in a given geographical area of residence in North Carolina, housing found to be decent, safe and sanitary. The agency has carefully considered all the factors which the General Assembly has specified in the statutory definition of "persons and families of lower income." A purpose of the act is to foster the new construction and substantial rehabilitation of residential housing in the state for persons and families of lower income by assisting in the permanent financing of such housing and that the income limits used by the agency in ascertaining who are "persons and families of lower income" must reflect, among other things, the costs of such newly constructed and substantially rehabilitated housing. The General Assembly intended, by means of the act, to assist not only those persons and families eligible for federal housing assistance predicated on a lower income basis, but also those persons and families whose incomes are too high to qualify them for such federal assistance but are too low to enable them to obtain, without governmental assistance, a mortgage loan to finance the purchase of a decent, safe and sanitary home. The agency can best effectuate the purposes of the act by establishing income limits for income eligible persons and families for specific areas of the state which represent the agency's determination of the maximum income level which persons and families in such area may have in order to qualify for assistance under the act. lower income Income eligibility is defined as a function of median income by area, construction cost, and mortgage loan criteria.

Each factor is applied as follows to achieve an equitable result:

- †1) (A) The agency used 90 150 percent of median income.
- †2) (B) Housing construction costs were determined for a prototype of a modest house in various areas of the state. The Marshall Swift Handbook was used to establish the base construction cost. Finally, minimum lot costs in rural and urban areas were added to the construction cost determinations to produce a finished housing cost for urban areas and for rural areas.
- †3) (C) Mortgage lending industry underwriting standards which establish the amount of loan for which a borrower may qualify will be used by the agency. The agency assumes that the borrower would seek 100 percent financing at the FHA/VA maximum rate on a 30 year amortization and that the borrower would be restricted to using 28 percent of his gross monthly income to make the monthly mortgage payment which would include principal interest, taxes and insurance.
- †4) (D) Composite figures for median income and for housing cost and mortgage loan underwriting were calculated upon the following premises:
 - †A) (i) The median income factor relates to eligibility for other housing predicated upon lower income basis.
 - †B) (ii) The house cost/underwriting figure establishes minimum financial eligibility in the normal housing market.

the combination of the two figures at a 50:50 ratio establishes the maximum income limits for the agency.
- †b) (2) The agency has, in accordance with the act, considered the effect of family size on the sufficiency of income for housing needs and determined that the income limits computed in accordance with this Section must be increased by eight hundred

dollars (\$800.00) a year for the fifth family member and for each additional family member thereafter in a large lower income family in order to reflect the additional costs of providing housing for large families, and that the income limits for one person households shall be three-fourths of such limits, except when two or more persons in a non-dependent relationship are jointly purchasing a home, the income of any one person in this relationship cannot exceed the one-person household limit established by the agency, nor can the combined incomes of these persons exceed the income limits for families established by the agency.

(3) An applicant's income will be calculated by including all income in whatever form and from whatever source derived, including the following: compensation for services, including fees, commissions and similar items; gross income derived from business; gains derived from dealings in property; interest; rents royalties; dividends; alimony and separate maintenance payments; annuities; income from life insurance and endowment contracts; pensions; income from discharge of indebtedness; distributive share of partnership income; income in respect of a decedent; income from an interest in an estate or trust; payments made by or on behalf of an employer by reason of death of an employee to the widow or heirs of the employee; recovery of bad debts; amounts received as reimbursement for losses; prizes and awards; amounts received or made available from individual retirement accounts, annuities and retirement bonds. In addition, the calculation of an applicant's income for this purpose will be increased by an amount equal to 10 percent of the value of all the applicant's non-income producing tangible assets, excepting personal property and including real property, securities and stocks.

(b) For loans purchased with

the proceeds of tax exempt bonds issued after January 1, 1987 income eligible persons and families is defined by the agency to be those persons and families with incomes not exceeding the income requirements for mortgage revenue bonds established in Section 143(f) of the Internal Revenue Code 1986.

(1) The sources used in calculating an applicant's income will be determined according to the rules established by the Internal Revenue Service in Revenue Ruling 86-124 until final regulations are issued by the Internal Revenue Service, at which time those final regulations will be used to determine the services used to calculate an applicant's income.

(b) (c) In no instance will any person or family having net assets exceeding forty thousand dollars (\$40,000) be considered eligible for assistance by the agency, except that for persons between the ages of 62 and 64, the net assets limit shall be fifty thousand dollars (\$50,000), for persons 65 years of age and over, the net assets limit shall be sixty thousand dollars (\$60,000), and for handicapped persons requiring a constant attendant the net assets limit shall be seventy five thousand dollars (\$75,000). For the purposes of this Section, "net assets" shall mean the total assets of the borrower excluding household goods, in the Home Improvement Loan Program, the structure to be improved and its site, any debts against the borrower and excluding also, any assets of a borrower determined by the executive director to be appropriate for exclusion, including, without limitation, assets which in the determination of the executive director the borrower is dependent upon for a livelihood. Any such determination that assets are appropriate for exclusion shall be evidenced by a certificate signed by the executive director and filed with the secretary of the agency.

(d) The agency deems that persons and families with annual incomes not in excess of the income limits established by application of the above formula definitions and with net assets not more than those set forth in this Rule, are persons and

families which require such assistance as is made available by the act and such persons and families are hereby deemed, therefore, to be persons and families of lower income eligible to occupy residential housing financed by means of such assistance.

.0103 PERSONS AND FAMILIES OF
MODERATE INCOME
(REPEALED)

SUBCHAPTER 1H - MULTI-FAMILY
MORTGAGE PURCHASE PROGRAM

SECTION .0100 - GENERAL
INFORMATION

.0103 PERSONS AND FAMILIES OF
MODERATE INCOME

(a) The agency hereby finds and declares that persons and families of moderate income, within the meaning of the Act, are deemed to be those persons and families who satisfy the following criteria: insufficient total income, when size of family is considered, to obtain on the normal housing market from available housing supply in a given geographical area of residence in North Carolina, housing found to be decent, safe and sanitary without undue financial hardship. The agency has carefully considered all the factors which the General Assembly has specified in the statutory definition of "persons and families of moderate income." A purpose of the Act is to foster the new construction and substantial rehabilitation of residential housing in the state of persons and families of moderate income by assisting in the permanent financing of such housing and that the income limits used by the agency in ascertaining who are "persons and families of moderate income" must reflect, amount other things, the cost of such newly constructed and substantially rehabilitated housing. The General Assembly intended, by means of the Act, to assist not only those persons and families eligible for federal housing assistance, predicated on a lower income basis, and those persons and families whose incomes are too high to qualify them for such federal assistance but are too low to enable them to obtain, without governmental assistance, a mortgage loan to finance the purchase of a decent, safe and sanitary home, but also those

who could not acquire such housing without undue financial hardship. The agency can best effectuate the purpose of the Act by establishing income limits for specific areas of the state which represent the agency's determination of the maximum income level which persons and families in such areas may have in order to qualify for assistance under this median income by area, construction costs, and mortgage loan underwriting criteria. Each factor is applied as follows to achieve an equitable result:

- (1) The agency will use ~~120~~
150 percent of median income as published periodically by the Department of Housing and Urban Development.

SUBCHAPTER 1J - HOME IMPROVEMENT
LOAN PURCHASE PROGRAM

SECTION .0100 - GENERAL
INFORMATION

.0101 OBJECTIVES

(a) One of the basic objectives of the agency is to finance the making of loans to persons and families of lower and moderate-income to be used to enable such persons and families to rehabilitate existing homes. The agency has established a financing program to achieve these objectives (herein referred to as the "home improvement loan purchase program").

(b) The agency financing activity under the home improvement loan purchase program is under the home improvement loan note purchase agreement (hereinafter referred to as "note purchase agreement").

(c) (b) The agency, recognizing that the need for assistance to home owners (as contemplated by the act) is very great and further recognizing that the agency funds available to meet that need are small in comparison to that need, will use its best efforts to spread its available funds through the state in an equitable manner designed to insure that all areas of the state have a fair opportunity to participate in the program.

(d) (c) As funds for the purchase of home improvement loans become available to the agency, through the sale of agency bonds such funds shall ~~may~~ be made available to North Carolina home improvement loan

lenders. Such lenders upon agency notification of the availability of such funds, may indicate their interest in participating in the home improvement loan ~~note~~ purchase program by execution of a form specified as such by the agency.

.0102 INCOME ELIGIBLE PERSONS AND FAMILIES

The provisions of 24 NCAC

~~1B -0102, Persons and Families of Lower Income and 24 NCAC 1B -0103, Persons and Families of Moderate Income, will apply throughout this Subchapter.~~

~~(a) For loans financed with the proceeds of all funds other than tax-exempt bonds issued after January 1, 1987:~~

~~(1) The agency hereby finds and declares that income eligible persons and families within the meaning of the act, are deemed to be those persons and families who satisfy the following criteria: insufficient total income, when size of family is considered, to obtain on the normal housing market without subsidy, from available housing supply in a given geographical area of residence in North Carolina, housing found to be decent, safe and sanitary. The agency has carefully considered all the factors which the General Assembly has specified in the statutory definition of "persons and families of lower income." A purpose of the act is to foster the new construction and substantial rehabilitation of residential housing in the state for persons and families of lower income by assisting in the permanent financing of such housing and that the income limits used by the agency in ascertaining who are "persons and families of lower income" must reflect, among other things, the costs of such newly constructed and substantially rehabilitated housing. The General Assembly intended, by means of the act, to assist not only those persons and families eligible for federal housing assistance predicated on a lower income basis, but also those persons and families whose incomes are too high to qualify them for such federal assistance but are~~

~~too low to enable them to obtain, without governmental assistance, a mortgage loan to finance the purchase of a decent, safe and sanitary home. The agency can best effectuate the purposes of the act by establishing income limits for income eligible persons and families for specific areas of the state which represent the agency's determination of the maximum income level which persons and families in such area may have in order to qualify for assistance under the act. Income eligibility defined as a function of median income by area, construction costs, and mortgage loan criteria. Each factor is applied as follows to achieve an equitable result:~~

~~(A) The agency used 150 percent of median income.~~

~~(B) Housing construction costs were determined for a prototype of a modest house in various areas of the state. The Marshall Swift Handbook was used to establish the base construction costs. Finally, minimum lot costs in rural and urban areas were added to the construction cost determinations to produce a finished housing cost for urban areas and for rural areas.~~

~~(C) Mortgage lending industry underwriting standards which establish the amount of loan for which a borrower may qualify will be used by the agency. The agency assumes that the borrower would seek 100 percent financing at the FHA/VA maximum rate on a 30 year amortization and that the borrower would be restricted to using 28 percent of his gross monthly income to make the monthly mortgage payment which would include principal interest, taxes and insurance.~~

~~(D) Composite figures for median income and for housing costs and mortgage loan underwriting were calculated upon the following premises:~~

~~(i) The median income factor relates to eligibility for other housing predicated upon lower income basis.~~

(ii) The house cost/underwriting figure establishes minimum financial eligibility in the normal housing market.

The combination of the two figures at a 50:50 ratio establishes the maximum income limits for the agency.

(2) The agency has, in accordance with the act, considered the effect of family size on the sufficiency of income for housing needs and determined that the income limits computed in accordance with this Section must be increased by eight hundred dollars (\$800.00) a year for the fifth family member and for each additional family member thereafter in a large lower income family in order to reflect the additional costs of providing housing for large families, and that the income limits for one person households shall be three-fourths of such limits, except when two or more persons in a non-dependent relationship are jointly purchasing a home, the income of any one person in this relationship cannot exceed the one-person household limit established by the agency, nor can the combined incomes of these persons exceed the income limits for families established by the agency.

(b) For loans financed with the proceeds of tax-exempt bonds issued after January 1, 1987 income eligible persons and families is defined by the agency to be those persons and families with income not exceeding the income requirements for mortgage revenue bonds established in Section 143(f) of the Internal Revenue Code of 1986, as amended.

(1) The sources used in calculating an applicants income will be determined according to the rules established by the Internal Revenue Service in Revenue Ruling 86-124 until final regulations are issued by the Internal Revenue Service, at which time those final regulations will be used to determine the sources used to calculate an applicant's income.

(c) In no instance will any

person or family having net assets exceeding forty thousand dollars (\$40,000) be considered eligible for assistance by the agency, except that for persons between the ages of 62 and 64, the net assets limit shall be fifty thousand dollars (\$50,000), for persons 65 years of age and over, the net assets limits shall be sixty thousand dollars (\$60,000), and for handicapped persons requiring a constant attendant the net assets limit shall be seventy five thousand dollars (\$75,000). For the purposes of this Section, "net assets" shall mean the total assets of the borrower determined by the executive director to be appropriate for exclusion, including, without limitation, assets which in the determination of the executive the borrower is dependent upon for a livelihood. Any such determination that assets are appropriate for exclusion shall be evidenced by a certificate signed by the executive director and filed with the secretary of the agency.

(d) The agency deems that persons and families with annual incomes not in excess of the income limits established by application of the above formula definitions and with net assets not more than those set forth in this Rule, are persons and families which require such assistance as is made available by the act and such persons and families are hereby deemed, therefore, to be persons and families of lower income eligible to occupy residential housing financed by means of such assistance.

TITLE 17 - DEPARTMENT OF REVENUE

CHAPTER 6 - INDIVIDUAL INCOME TAX

SUBCHAPTER 6B - INDIVIDUAL INCOME TAX

SECTION .3000 - CONTRIBUTIONS

.3802 - DEDUCTIONS

(i) There must be a business connection before a payee or endorser of a note may claim a loss in case of default. The debt must be legal and must exist in fact. The liability of the individual claiming the loss must be one that can be enforced in the courts. In the case of a payee of a note, the note must have been in connection with a transaction from which gain was payee of the note, the note is usually considered to have been issued for business purposes. In the case of a loss resulting from an endorser having to pay the obligation, the endorser must have stood to gain either directly or indirectly from the transaction. The endorsement for a member of the endorser's accommodation is not considered a transaction entered into for profit. On the other hand, an endorsement in an attempt to protect one's investment, such as an endorsement of a corporation note by a stockholder of the corporation, might be construed to have a business connection, and a loss resulting from such endorsement is usually deductible. Even the endorsement of an employee's

note in an effort to retain the services of the employee can in some cases be construed to have a business connection for the purpose of determining whether a loss from the endorsement is deductible. In all cases in which a loss for an endorsement of a note is claimed the endorser must be able to prove a definite business connection.

The time when a loss from a note or note endorsement may be claimed as a deduction is determined by whether the individual is on a cash or an accrual basis. A cash basis taxpayer may claim an allowable loss for a note endorsement at the time payment is made by him and not at an earlier date when it is determined that there will be a loss. If a cash basis taxpayer, who has endorsed a note, gives his own note in payment of his liability as an endorser, he cannot deduct the loss until he pays his note. In the case of an endorsement of a note by an accrual basis taxpayer, the loss may be claimed at the time the amount of the loss may be determined with reasonable accuracy.

The payee of a note on which the maker has defaulted may claim a loss at the time the amount of the loss may be determined with reasonable accuracy, provided the amount claimed has previously been included in income or provided the transaction upon which the note was based was in connection with a trade or business or in connection with a business transaction from which gain was expected.

Effective for tax years beginning after 1986, the reserve method for computing and deducting business bad debts is not allowable. Only those business bad debts which became worthless during the taxable year are deductible. In determining the worthlessness of debts, and the amount to be included in income because of the balance in any reserve for bad debts as of January 1, 1987, federal rules and regulations in effect for the taxable year will be followed to the extent that they are not contrary to the context and intent of state laws.

.3803 OTHER ITEMS

(b) When a taxpayer acquires a bond at a price which is less than the redemption value, it is acquired at a discount; however, no gain is immediately reportable. If the bond is sold prior to maturity or redeemed at maturity for an amount in excess of its basis, the taxpayer has a reportable gain. If the bond is sold prior to maturity for a price which is less than its basis, the taxpayer has a deductible loss. The taxpayer reports his gain or deducts his loss regardless of whether interest on the bond is taxable or exempt.

A U. S. Government Series E Savings Bond purchased at a given price and redeemable at a higher price based on a schedule printed on the bond is not considered a bond purchased at a discount. For a bond of this type, the difference between the purchase price and the redemption value is interest which is exempt from state income tax.

For obligations acquired on or after October 22, 1986, a purchaser of stripped bonds or coupons is treated as having acquired an original issue discount bond. The amount determined as original issue discount is not taxable but must be taken into account in determining the taxpayer's basis in the obligation. In determining the amount of original issue discount and the adjustment to the basis, federal rules and regulations in effect during the income year will be followed which are not deemed to be contrary to the context and intent of state law.

(n) Federal rules and regulations in effect during the income year will be followed in determining the extent to which business or nonbusiness deductions are not allowable because of being allocable to tax exempt income.

(p) An individual may elect to have his or her income tax refund applied to estimated income tax for the following year. For example, an individual due a refund on his 1985 income tax return may have all or any portion of the refund applied to his estimated tax for 1986. The individual may not

however, file a 1985 return in 1987 and request the refund be applied to his 1987 estimated tax since the refund can only be applied to the tax year which follows the year for which the request for the refund is made.

If an individual due an income tax refund makes a valid election under G.S. 105-269.4 for the refund to be applied to estimated income tax for the following year and the elected amount is credited as a payment of estimated income tax, it loses its character as an overpayment for the year in which it arose. If the election is valid, the taxpayer may not revoke the election in order to have the amount refunded or applied in any other manner, such as an offset against any subsequently determined tax liability.

SUBCHAPTER 7B - STATE SALES AND USE TAX

SECTION .1100 - SALES OF BULK TOBACCO BARNS: FARM MACHINES AND MACHINERY

.1123 BUILDING MATERIALS SOLD TO LIVESTOCK AND POULTRY FARMERS

Effective August 1, 1986, sales to commercial livestock and poultry farmers of materials to be used exclusively in the construction, repair or improvement of any enclosure or structure specifically designed, constructed, and used for commercial purposes for housing, raising, or feeding livestock and poultry or for housing equipment necessary for these activities, including work space used solely for these commercial activities, are exempt from sales and use taxes. Likewise, sales of materials for the above described uses to contractors performing contracts with commercial livestock and poultry farmers and subcontractors performing contracts with general contractors who have contracts with commercial livestock and poultry farmers

shall be exempt. The exemption from tax extends only to building materials, as such, which are used in the construction, repair or improvement of such enclosures or structures and which become a part of such enclosures or structures. The exemption does not extend to sales of equipment and machinery used to equip such enclosures or structures. For the purpose of this Rule, the words "livestock and poultry" include cattle, horses, mules, sheep, chickens, turkeys and other similar domestic animals and fowl usually held or produced on a farm for commercial purposes and the word "commercial" shall mean "held or produced for income or profit." Commercial farmers, contractors and subcontractors may obtain Commercial Poultry and Livestock Farmers' Certificate, Form E-599S, from the Sales and Use Tax Division, North Carolina Department of Revenue, to be executed by them and furnished to their vendors in connection with such purchases as the vendor's authority to exempt such purchases from sales and use taxes.

SECTION .1600 - SALES TO
OR BY HOSPITALS: EDUCATIONAL:
CHARITABLE OR RELIGIOUS
INSTITUTIONS: ETC., AND
REFUNDS THERETO

.1602 REFUNDS TO INSTITUTIONS:
ETC.

(d) All refund claims must be substantiated by proper documentary proof and only the taxes actually paid by the claimant during the period for which the claim for refund is filed may be included in the claim. Any local one percent, one and one-half percent or two percent sales or use taxes included in the claim must be separately stated in the claim for refund. In cases where more than one county's tax has been paid, a breakdown must be attached to the claim showing the amount of each county's one percent, one and one-half percent and two percent local tax separately.

(f) To substantiate a refund claim for sales or use taxes paid on purchases of building materials, supplies, fixtures and equipment by its contractor,

the claimant must secure from such contractor certified statements setting forth the cost of the property purchased from each vendor and the amount of state and local sales or use taxes paid thereon. In the event the contractor makes several purchases from the same vendor, such certified statement must indicate the invoice numbers, the inclusive dates of the invoices, the total amount of the invoices and the sales and use taxes paid thereon. Such statement must also include the cost of any tangible personal property withdrawn from the contractor's warehouse stock and the amount of state and local sales or use tax paid thereon by the contractor. Similar certified statements by his subcontractors must be obtained by the general contractor and furnished to the claimant. However, the exemption does not extend to sales of tangible personal property to contractors for use in the performance of contracts with the Department of Transportation nor to sales of tangible personal property to other agencies, local governments or employees of the Department of Transportation. Sales of building materials,

.1702 REFUNDS TO COUNTIES:

(b) All refund claims must be substantiated by proper documentary proof and only those taxes actually paid by the claimant during the fiscal year covered by the refund claim may be included in the claim. Any local one percent, one and one-half percent or two percent sales or use taxes included in the claim must be separately stated in the claim for refund. In cases where more than one county's sales and use tax has been paid, a breakdown must be attached to the claim for refund showing the amount of each county's one percent, one and one-half percent and two percent local tax separately.

(d) To substantiate a refund claim for sales or use taxes paid on purchases of building materials, supplies, fixtures, and equipment by its contractor, the claimant must secure from such contractor certified statements setting forth the cost of the property purchased from each vendor and the amount of state and local sales or use taxes paid thereon. In the event the contractor makes several purchases from the same vendor, such certified statement must indicate the invoice numbers, the inclusive dates of the invoices, the total amount of the invoices, and the state and local sales and use taxes paid thereon. Such statement must also include the cost of any tangible personal property withdrawn from the contractor's warehouse stock and the amount of state and local sales or use tax paid thereon by the contractor. Similar certified statements by his subcontractors must be obtained by the general contractor and furnished to the claimant. Any local one percent, one and one-half percent or two percent sales or use taxes included in the contractor's statements must be

shown separately from the state sales or use taxes. The contractor's statements must not contain sales or use taxes paid on purchases of tangible personal property purchased by such contractors for use in performing the contract which does not annex to, affix to or in some manner become a part of the building or structure being erected, altered or repaired for the governmental entities as defined by G.S. 105-164.14(c). Examples of property on which sales or use tax has been paid by the contractor and which should not be included in the contractor's statement are scaffolding, forms for concrete, fuel for the operation of machinery and equipment, tools, equipment repair parts and equipment rentals, blueprints, etc.

Class I, II and III common and contract carriers are under the jurisdiction of the Interstate Commerce Commission; however, Class III common and contract carriers are not required to keep records according to the Interstate Commerce Commission's standard classification of accounting and are not entitled to a refund under the provisions of this Rule. Persons not meeting all of the requirements in this Rule are not entitled to a refund under the provision of this Rule.

SECTION .4400 - LEASE OR RENTAL

.4410 ASSIGNMENT OF LEASE

(a) Where upon a recourse basis a lessor assigns a lease contract and gives a security interest in the leased property which is designated as such but retains title to such property, the lessor remains liable for collecting and remitting tax on the lease receipts notwithstanding that the lessor does not receive rental payments directly from the lessee. However, if the assignee enforces the security agreement and acquires title to the leased property, he becomes the lessor of such property and liable for collecting and remitting tax on the receipts from its lease or rental.

(b) Where for security purposes and upon a recourse basis, a lessor assigns a lease contract together with its right, title and interest in the leased property, but the property will revert to the lessor at the expiration of the lease, the lessor remains liable for collecting and remitting tax on the lease receipts notwithstanding that the lessor does not receive rental payments directly from the lessee.

(c) Where upon a nonrecourse basis a lessor assigns a lease contract and without reservation of any interest, transfers all its right, title and interest in the leased property, the lessor is liable for remitting the tax due on the entire balance of the lease contract at the time of assignment including any amount withheld as a financing reserve.

SECTION .5300 - CERTIFICATE OF AUTHORITY: BOND REQUIREMENTS

.5301 IN GENERAL

(d) Certificate holders who do not furnish copies of the certificate of authority to their vendors must pay tax due on their purchases. Vendors who do not have copies of the certificate of authority as part of their permanent files are liable for and shall charge the applicable tax on their sales to certificate holders. The department's field auditors will hold all vendors liable for applicable tax on sales to certificate holders if such vendors do not have the necessary copies of the certificate of authority. Certificate holders must keep evidence of vendors to whom certificates are issued as a part of their permanent files so that the department's auditors can correctly determine the vendors' and vendees' liability for applicable sales or use taxes. It is not necessary that the certificate of authority be furnished to vendors when the vendees are purchasing tangible personal property which is exempt from tax under the provisions of G.S. 105-164.13.

The amount distributed to a taxing county shall then be divided among the taxing county and its municipalities in accordance with the method by which the one percent local government sales and use taxes are distributed. If any taxes levied by a county have not been collected in that county for a full quarter because of the levy or repeal of the taxes, the secretary shall distribute a pro rata share of taxes to that county based upon the number of months the taxes were collected during that quarter.
